

The hub of the office. The heart of creative printing

The C9650 is the perfect addition to any business. This high performance, cost-effective colour printer has the speed, volume and flexibility to handle all the day's demands with ease – be it general office printing or creative graphics work. With this outstanding versatility comes the utmost reliability. Designed by OKI Printing Solutions, the leaders in business printing, the C9650 incorporates technology that ensures smooth, trouble free working.

Handles multiple media. Meets the day's demands.

- Offers outstanding media handling - 64-300gsm and A6-A3+
- Broad capability enables creative in-house printing solutions whether for banners, booklets or business cards
- 2,880 sheet paper input capacity - high capacity trays helping to maintain workflow and minimise user involvement
- Duplex models for full-speed double-sided printing to save time, paper and operator involvement

- 3 additional optional paper trays on the C9650, perfect for printing large quantities in one go or setting up four different media types
- Finishing flexibility with saddle-stitch, fold, staple and hole-punch to give documents that professional touch

Exceptional colour. High performance printing.

- Excellent print speed of 36ppm colour/40ppm mono maximises productivity
- Graphic Pro colour management provides the tools to download colour profiles to the hard disk for specific highly accurate colour matching
- ProQ2400 Multi-level technology and microfine High Definition Toner together provide a better level of detail, greater colour depth, reduced grain and a high gloss feel

Protect the data. Control the colour.

- Print Control imposes rules on how the printer is used
- Secure Erase can safely wipe all details of a job from the hard disk
- Data Encryption prevents unauthorised reading of confidential data

- Password Protection allows users to retrieve confidential documents using a pin number

So simple to set up. So easy to refill.

- Informative graphical display panel simplifies every operation
- User installable consumables are easy and quick to change, thereby maintaining productivity
- Template Manager 2006, supplied free in the box, enables the creation of professional looking documents in house

Designed to handle the workload. Built to keep working.

- Robust, award winning, LED single-pass print technology outperforms laser
- Fewer moving parts means a more reliable machine
- Keeps the work flowing - smoothly handling a wide range of media
- Unique Auto Media Detect feature automatically detects different media settings, saving the user from manually resetting the printer when changing paper types
